Other Services and Add-Ons

| | |
|--|--|
| Add Unit to Multi-Family Home Energy Score | \$100 |
| Extended Service Areas | \$40 |
| **Outside Normal Service Areas | \$75 |
| Unfin. (without interior walls) Outbuildings or Garages over 1,000 Sq ft | \$0.03 Per Sq ft |
| Pools | \$25 |
| Sketch from Plans (no Site Measurement) | 25% off Basic, Standard, or Deluxe Price |
| Add a Home Energy Score to Floor Plan Under 3,000 Sq ft | \$150 |
| Add a Home Energy Score to Floor Plan Over 3,000 Sq ft | \$200 |

Prices are as of 04/01/2022 and based on measured square footage of Main + Upper + Lower (Basement) and any finished attics or accessory units (accessory units do not apply to Home Energy Score unless a floor plan is also requested). Unfinished residential garages and outbuildings are measured for free when under 1,000 square feet but billed as shown above when having interior walls. For commercial properties, total of all warehouse, office, and retail space is used to calculate pricing. If commercial building is mostly open space like an open warehouse, a lower price may be quoted. Distance or other add-ons may apply. To check any price, just try our easy online ordering, or call, text or email as indicated below. You will not be charged until after the measurement is completed and you can cancel at any time.

*For properties expected over 11,999 square feet, please obtain a quote because the price can vary. Large homes are complicated and could take more than one full day on site.

**Starting price for Outside Normal Service Area is \$75, but may be more than \$75, so call for a quote to be sure (Tokyo, Japan and Eugene, Oregon are both Outside Normal Service Area, but they would not be the same price). Call, text or email if you're not sure. We are happy to help. 541-699-1141 or team@BendMeasurement.com
